9. Plenary
10. Closing Remarks
11. Closing prayer

Prayer

Prior to the commencement of the meeting, a prayer was given by Ms. Kafwana Kyembe at 09:45 hrs.

Introduction

The members present from the business community and Local Authority staff introduced themselves.

Opening remarks

The Council Secretary welcomed the Council Standing Committee Chairpersons, Councilors and members of the business community to the meeting and urged them to deliberate on matters effectively. She also mentioned that the meeting was convened to deliberate on the budget and how effective the Council would be able to implement the projects that would be submitted from the wards. Further, the Council secretary acknowledged the importance of the participation of stakeholders in the budgeting process.

Review of the performance of the 2024 Budget

The Director of Finance started the presentation on the review of the 2024 Budget by stressing that every Local Authority was required to prepare Annual Estimates of Income and Expenditure which is basically a financial plan on how the Council should operate in a particular financial year. This process required input from all the stakeholders of the Local Authority since the Council does not operate in isolation. Thereafter, he proceeded to discuss the following

i. Sources of revenue

- a. **Local revenue** - This is revenue that is realized from Local taxes and fees and charges that are levied on local people and includes:
 - Rates
 - Levies
 - License
 - Fees and Charges
 -
- b. **National Support** - This includes Grants that the Local Authority receives from the Central Government. Examples include the following:
 - Constituency Development Fund
 - Local Government Equalization Fund
 - Grants in Lieu of Rates
 - Other Grants

Budget performance as at 31st August, 2024

ii. 2024 Achievements

The Director of Finance highlighted the following achievements for the year 2024

- ✓ Procurement of the Water Bowser
- ✓ Construction of phase 1 of the fire station
- ✓ Creation of feeder roads in newly created plots
- ✓ Purchase of Grader under CDF
- ✓ Disaster projects executed & other works in progress

iii. Challenges faced during the FY 2024

- Delayed disbursement of the CDF consequently resulting in delay in the implementation of the projects
- Delayed disbursement of in Road Grant resulting in delayed implementation.

- Delayed disbursement of the devolution support grant consequently resulting in delay in implementation.
- The ministry guided that we budget for 10 million for the component of grant in lieu of rates, but at a later stage, it was guided that government could not fund us that amount therefore affecting the operations of the council. Leading to adjustment of the budget downwards by the mentioned amount. This meant that all projects that were budgeted in the amount were to be suspended

Plenary

Stakeholders wanted to know why the Local Authority delayed in finishing the implementation of the CDF 2023 projects and why the desks why not procured.

In response, the Director of Finance indicated that the initiation of the procurement process delayed a bit in starting. Hence, contractors possessed the sites late. However, works were progressing well. Regarding the procurement of desks, the Director informed the stakeholders that stated that the procurement of desks was phased, hence, the Local Authority could not buy all the needed desks at the same time.

Further, the stakeholders expressed concern regarding the limited participation of local contractors in the implementation of CDF projects.

In response the Director of Finance indicated that it was noted that there was low awareness amongst the local contractors on the use of the e-GP. Hence, sensitization meetings had been lined up to bridge this gap.

Presentation of the 2025 Projections of Revenue and Expenditure

Revenue Forecasting 2025

11.	OTHER GRANTS	434,891	248,273
	TOTAL	55,671,873	82,194,580

Proposed projects for 2025

The Socio-economic Planner informed the members present that a number of applications were received from the community. However, resources were limited hence projects to be implemented in the FY 2025 would include:

1. Procurement of Earth moving equipment
2. Rehabilitation of Fungulwe feeder road
3. Construction of Classroom Blocks
4. Procurement of desks
5. Construction of Milulu Health Post
6. Drilling of commercial borehole Mukutuma Rural Health Centre
7. Procurement of medical equipment

Plenary

The members indicated that the consideration to construct classroom blocks, health post and medical equipment was a welcome move. However, the Local Authority was urged to consider buying a borehole drilling rig because the water shortage was the greatest challenge the District was facing.

In response, the Socio-economic planner indicated that the observation by the members was correct. However, resources were limited to execute all the projects at the same time. Hence, the proposal would be considered before 2026.

Further, the participants urged the Local Authority to also consider the construction of crossing points in Sonkontwe ward.

Closing Remarks

The Council treasurer thanked everyone for attending the meeting and further paid accolade to members of the committee for their overwhelming support rendered to management in the year 2025, He encouraged members of the committee to exert more efforts in ensuring that the projects in the wards are submitted to the council for inclusion in the 2025 budget and to ensure that all projects were implemented in their wards.

Closing prayer

The meetings was closed in a word of prayer by Mr. David Mwamba at 13:00 hrs.
