EDITORIAL COMMENT

We believe in the power of collaboration and compassion to create positive change in the district.

In this month's newsletter, we have highlighted the inspiring projects and achievements that have been made in the district, which will help the people of different wards in Lufwanyama.

The many projects in the district should make the community have a sense of ownership as they are for the betterment of their lives and as such resident should protect the infrastructure in there communities.

As a council, we understand the importance of supporting the community, we encourage our community in Lufwanyama to walk to the council for any help regarding CDF and also engage with your WDCs and councilors in your various wards.

As a Council we are committed to making a difference in the district through our vision and mission to bring development to the district.

Assistant PR Officer.

ABOUT US

LUFWANYAMA TOWN COUNCIL

LUFWANYAMA District, is approximately 130 Km's from Ndola, the Provincial Capital and 455 Km's from Lusaka, the Capital of Zambia. Lufwanyama is bordered by Kalulushi, Kitwe, Masaiti, Mpongwe, Luanshya, Mushindamo, Chingola Districts.

Lufwanyama was part of Ndola Rural District, until its establishment by an Order of the President in 1997.

This was necessitated by the vastness of Ndola rural and the need to bring service delivery closer to the local communities. Ndola Rural District was then split into Lufwanyama, Masaiti and Mpongwe Districts.

The District consists of one constituency and 20 wards.

The major tribes in Lufwanyama are Lamba and Kaonde, with Lamba being the

predominant language of communication. Traditional communities are organized on the basis of villages often led by village headmen/women. Traditional authority is vested in Chieftdoms.

There are Six chiefs namely, Chieftainess Shimukunani, Chief Nkana, Chief Mukutuma, Chief Shibuchunga, Chief Fungulwe and Chief Lumpuma. The District has a population of 114,768 with an estimated annual growth rate of 2.2 per cent.

Hon. Kenny Siachisumo,
Lufwanyama Member of Parliament

LUFYWANYAMA MP's OPENING REMARKS

As your Area Member of Parliament for Lufwanyama I continue to work with the great people of the district to bring development.

Over the past year of 2023 into 2024, working together with the council, the district has seen great development through infrastructure of schools, health posts and accommodation for workers in the district.

I would like to thank the Lufwanyama Town Council for the continued work to improve the face of the district through CDF, the hard work and dedication has not been left unnoticed.

Am delighted to inform the great people of Lufwanyama of the commitment government has in development, which has seen an increase of CDF in 2024.

With the continued increase of CDF and the commitment of my office to-

gether with the council, we will endeavour to foster development in the district and ensure we develop the city, as we are in a hurry to development and see to it that the constituency lives up to its rich land and wealth to benefits all the people of Lufwanyama.

I therefore wish to inform the people of the district that development has come to our district and as such, everyone should take part in the national cake.

H.W Annie Kapandula – Kalamatila
Lufwanyama Council Chairperson

COUNCIL CHAIRPERSON'S FORWARD

As we continue to upgrade our District with hard work and dedication, as your Council Chairperson for the great city of Lufwanyama. It is with great honour that together with our co-operate partners we continue to put the interests of the district first.

Being a District that is rich with fertile land for farming and mineral wealth, puts the district on the map for much more development than it has, it is with great expectations that I want the district to live up to the riches it has through infrastructure and social development.

We believe as the Council that Lufwanyama can be greater than it is, and must

achieve the standard worth of a developed district as it has all it needs to be a great District.

I therefore call on every well meaning citizen of Lufwanyama to work for the development of the District, for our future generation as we should not remain rich only on paper, but let the rich land of Lufwanyama show from our hard work.

LYNDA F. MAPARA
LUFWANYAMA TOWN COUNCIL SECRETARY

"Accelerating Development
Efforts Towards
The Vision 2030 Without
Leaving Anyone behind"
[Vision 2030]

COUNCIL SECRETARY'S NOTE

Understanding that development is a process which takes working together, with all well meaning people of the great town of Lufwanyama, one aspect that should drive everyone to put the development of the district first before any personal needs.

As Council Secretary, I want to assure the people of Lufwanyama that develop-

ment of the district is paramount to the council leadership team. We are actively working to foster and thrive beyond expectations through Constituency Development Fund, The Equalisation Fund and Locally Generated Revenue . Our Vision still remains

To improve the quality of lives for the people of Lufwanyama through the provision of high Quality efficient and sustainable Public Service in a transparent

and accountable manner with active stakeholder participation. Which we continue to uphold.

As we embark on this journal of changing the face of Lufwanyama, let us continue to embrace change, challenging ourselves, driving innovation as our core of success, I am confident that with our passion and dedication , our district will continue to flourish.

KAPATA HAPPY WITH THE UTILIZATION OF CDF IN LUFWANYAMA

Ministry of Information - Media Director Henry Kapata has visited Lufwanyama Town Council to appreciate the works being done under CDF in the District, Mr Kapata is on the Copperbelt to get first hand information on some of the impacts that CDF has had and appreciate the challenges faced.

Mr Kapata visited among others; Chinemu Health Post, Lufwanyama Boarding school and Milulu Health Post in Katembula ward, where he had an opportunity to appreciate the impact of CDF from the community and the Immediate beneficiaries at the youth resource center.

Mr Kapata upheld Lufwanyama Town Council for working in line with the vision of the President, in ensuring projects like maternity wings are built near the people for easy access and quality health care which shows the proper utilization of CDF in the District.

Racheal Mwaba, Nurse in Charge at Chinemu Health Post appreciated the move by the Government through CDF in building a health post in the ward which includes a staff house. However she called on the Government to help with the mobility of patients from the health post as it lacks an ambulance.

Ms. Mwaba added that the lack of communication towers has made it challenging for them to communicate during referrals from the health post to the District hospital.

Speaking at Chinemu Health Post, Deputy Council Chairperson and Ward Councilor Gilbert Mukobola is happy that his ward benefited from CDF, he however assured the residents of his ward of improving the health post by including all the necessary facilities in the next CDF budget allocation.

And Lufwanyama Boarding Headteacher Mrs. Melody Chinoya, appreciated the move by the Government for introducing free education, which the school currently has 103 pupils under CDF school boarding bursary under Lufwanyama Town Council and 124 from around the country. Mrs. Chinoya adds that, the school also benefited 230 desks

under CDF which have greatly helped the school.

And speaking during the visit at Milulu health post, Katembula Ward Councilor Edward Kapandula thanked the Government for increasing CDF which has seen the implementation of more projects in the District, which he adds is a plus for the people of his Ward.

Meanwhile Lufwanyama Town Council Secretary Lynda Mapara assured the people of the district that the council is on top of things where CDF is concerned, for the proper utilization of the funds.

2022 CONSTITUENCY DEVELOPMENT FUND PROJECTS IN MILOPA WARD

In Milopa ward of the district, The Council through the constituency development fund is currently supervising the building of a one by three classroom block, putting up a water reticulation system, ablution block and a stuff house for the people of the ward.

The project is under the 2022 constituency development fund.

ONE BY THREE CLASSROOM BLOCK

ABLUTION BLOCK

TANK STAND

MATERNITY WING IN LUSWISHI WARD

CHANGING THE FACE OF THE DISTRICT

To provide effective health care in the district, the council through CDF has constructed various infrastructure in the district which has also been due to the increased allocation of the funds by government to all districts.

The provision of essential services in all wards in the district can not be over emphasized as this will make many wards have services despite the area.

The construction of a maternity wing in Mwelushi will enhance the provision of health for pregnant mothers and babies once it is completed under the 2022 constituency development fund.

Reducing maternal death in the district is virtue in providing proper health care facilities for the people of Mwelushi which the residents have had to travel long distances in acquiring the health service.

As the communities continues to ap-

ply for more infrastructure development in the district, the mandate to change the face of the district is important and health infrastructure is one such area that needs to be looked into as the council is building a number of maternity wings in the district in different wards.

For the people of Mwelushi, pregnant mothers walking long distances will be a thing of the past as the maternity wing will be completed soon and handed over to the relevant ministry.

SEMI DETACHED HOUSE AT KASHINIKISHA

Kashinikisha Health Post in Lufwanyama Ward will soon have a facility that will ensure health care provision is provided for the people who have to walk over 10 kilometres to Lufwanyama District Hospital.

The health post has had a Semi-detached house built at the post to ensure health care givers are recruited to the facility that has no workers since it was built.

Residents of the community have ex-

pressed happiness with the building of the house as this will ensure that the health post will be opened as accommodation will be available at the health post.

The health post was built in 2010 by world vision and has not been commissioned due to the lack of accommodation which the residents have since received through CDF.

Council Chair Annie Kapandula who visited the project expressed happiness with the building of the house which would help the people of the ward in

ensuring health provision.

Ms Kapandula emphasized the importance of the constituency development fund to the community which has been a game changer for the district in fostering development.

Residents of the community are happy with the building of the house at the health post as it will help pregnant mothers in the ward who faced challenges in getting to health facilities during pregnancy.

CONSTITUENCY DEVELOPMENT FUND MATERNITY WINGS

According to the SDG 3 which aims at preventing needless suffering from preventable diseases and premature death by focusing on key targets that boost the health of a country's overall population. It also speaks to the prevention of causes related to pregnancy and childbirth around the world.

This is so as to reduce maternal mortality ratio to less than 70 per 100,000 live births by the year 2030, by ensuring all pregnant women and mothers have access to quality healthcare.

According to the ministry of health, in 2023 the country was still losing an average of 15 women per week due to preventable and manageable conditions

during all after pregnancy,

Streaming from this a number of deaths can be prevented in the district, the building of maternal facilities around the country is a very important aspect of development.

Bringing quality health care is virtual for mothers to ensure they do not have to walk long distances to access healthcare.

1 Newly built Kansanta Maternity wing, built under the 2023 Constituency Development Fund.

2 Milulu maternity health post in Katimbula ward under the 2022 Constituency Development Fund'.

3 Fungulwe ward all in Lufwanyama district, under the 2022 Constituency Development Fund respectively.

SKILLS DEVELOPMENT AT KATEMBULA YOUTH RESOURCES CENTRE USING CONSTITUENCY DEVELOPMENT FUND

Skills development at Katembula Youth Resources Centre. The institution not only has students from the district but from all the districts in the country.

- 1 Tailoring and design skills requires a high degree of meticulous exactitude which are important skills in all areas of fashion design.
- 2 Standing out as a bricklayer requires more than just technical proficiency.
- 3 New pig farmers should focus on learning and improving their skills through resources like books, online forums, and networking with experienced farmers.
- 4 A metal fabricator needs a range of technical skills to excel in their job.

COUNCIL PROCURES 40 BICYCLES FOR WDCs THROUGH LOCALLY GENERATED FUNDS

HELPING ENHANCING CDF IN LUFWANYAMA

Due to the diversity of the district of Lufwanyama, the work to ensure enhancement of the constituency development fund CDF has been the core mandate of the council. As the WDCs are the first link between council and the community, who face many challenges.

The challenges that the WDCs have been facing from walking long distances ensuring work under CDF is done, has been a hideous to development.

It is for this reason that the arrival of

the 40 bicycles will bring about a transformative change in delivery of work within our communities. The bicycles will help the process of delivering information on CDF become more efficient, sustainable and accessible.

The impact of bicycles on the community will be significant, firstly they will enhance the speed and timeliness of deliveries on CDF, as they will be a fast transportation of applications of CDF and help the community and WDCs hold regular meetings.

The bicycles have been procured from locally generated funds from the council which has been due to calls from the councilors to help WDCs in different wards in the district.

Over time the challenges of information and communication between the council and the community has been seen to affect the delivery of CDF under all components.

This will show a more effective way of handling CDF in the district.

CDF IMPACT IN LUFWANYAMA

THE IMPACT OF CDF IN CLUBS

Lufwanyama Town Council Chairperson Annie Kapandula's visit to Twasekela Women's Club of Mpopo in Katembula ward where the beneficiaries of the 2021 Constituency Development Fund CDF.

Ms Kapandula expressed happiness with the growth and investment of the club that managed to grow thirteen thousand kwacha they benefited as grant under CDF, to sixty eight thousand kwacha through small business loans acquired by the women within the club.

Ms Kapandula encouraged the wom-

en to continue with the spirit of hard work as the group continues growing the money through the different business that the women were involved in, she called on other women to emulate the group of 21 women who are making a difference in their lives by taking a chance with CDF which is a national cake for every Zambian to benefit.

Ms Kapandula further encourage the women to come up with more money making initiatives and apply for a loan to increase on their livelihood as there is more to be done in ensuring women are empowered in the district.

Group Chairlady Edina Chikwaba added that the money the club benefited under CDF grant has helped the women in the club to venture into different business that have provided them with an income.

She also encouraged other women to seize the opportunity and apply for grants or loans to improve their lives, she further stated that the money once put to good use is enough to work for anyone with discipline.

CDF SENSITIZATION AND THE FORMULATION OF WDCs

COMMUNITY SENSITIZATION ON CDF

With a number of successful CDF projects that have been embarked on in the district by the council, it is evident and only prudent to ensure the same zeal for the development of the district continues.

As The Council we continue on encouraging more participation of the people to apply for different skills, school bursary, loans and grants and community projects in the district. The Council em-

barked on community formulation of the Zonal representatives in the district. This is as prescribed by the local government Act No. of 2019.

Through the office of the community development under the planning department, the council had conducted the formation of the WDCs from the 8th of April 2024 to the 20th of May 2024. the program was carried out through out the 20 wards of the district.

This is supported by the constitution of

Zambia amendment Act No. 2 of 2016 as well as the local government Act No. 2 of 2019 and the guidelines on the establishment, management and operation of ward development committee of 2021.

This came after the tenure of office the ward development committee of two and half years, which came to an end on the 15th of February 2024.

Story by PR Unit

COUNCIL CONTINUES WITH THE DELIVERY OF DESKS

Education being the best equalise for both the poor and rich is one thing that can and will best improve the face of the country province, streaming down to the district.

To provide quality education Lufwanyama district needs to provide the best education facilities which should start from the provision of quality learning environment. with this said, the government has directed all councils in the country to ensure no child seats on the floor in all schools in the country.

This has put all councils in charge of procuring desks to cushion the shortage

in school by the end of 2024 which is a presidential directive.

It is for this that Lufwanyama Town Council has continued with the desk distribution in the district to ensure no child seats on the floor by December 2024.

Currently, the district has a shortage of 2,221 from the initial deficit of 13,681 in 2023, which has seen the local authority procure 11,460 desks to cushion the deficit.

In addition, 462 desks were rehabilitated through the ministry of education initiative spearheaded by the Headquar-

ters.

The impact of desks has been evident in the schools in the district as the local authority closes in on the shortage of desks in the district.

For newly built classroom blocks under the constituency development fund CDF, the Council ensures that desks are delivered to the schools as part of the building project of the schools in the district.

Lufwanyama Town Council will ensure the 2221 is covered by the end of the year 2024 as of the presidential directive.
